To honor the National Day of Service and Remembrance for the tenth anniversary of Sept. 11, a locally-owned store donated technicians' time and services toward housing improvements that will better the lives of homeless families.

On Friday, Sept. 9, the local Mr. Handyman technicians joined hundreds across the country who helped local causes with free handyman services (more than 800 hours combined) to organizations such as domestic violence shelters, food banks, and more.

Mr. Handyman of Wheaton technicians worked all day performing household installations and upgrade projects to help improve the quality of life for those in need.
